

MATRIX

HIGH THROW. HIGH SPEED. BUILT TO PERFORM.

Industrial UV Printing System

Precision • Speed • Reliability

ACTUAL HIGH THROW DISTANCE
20 mm / 0.8 inches
Print at 100% / Actual Size

PRODUCT OVERVIEW

Oversized products. Built for production.

A 1,200 × 900 mm print area and 500 mm vertical clearance extend production beyond flat panels to luggage, packaging, signage and other dimensional products. Industrial printheads, full-servo motion and automatic maintenance support crisp UV output and stable operation.

Highlight Features

- W/KC/MY/V Color; Optional Lc/Lm & Primer
- Regular, high and ultra-high-speed modes
- High-gap printing up to 20 mm / 0.8 inches
- Linear-servo carriage motion
- Front/rear and vertical servo-driven worktable
- Sectional-controlled vacuum worktable
- Automatic capping and cleaning system
- Fully enclosed for safer operation

Versatile Printing Applications

Luggage & coolers • Gift boxes & trophies • Signage & panels • Wood, glass & tile décor • Equipment housings • Stationery & crafts
